Students with Disabilities: If you have a disability that might affect your work, it is your responsibility to contact Sandy Waddell, Director, Access Office, Massman 007, 816-501-4689. This office works with students and faculty in planning necessary accommodations. You must contact the Access Office a minimum of one week before the examination.

College Basic Academic Subjects Examination Instructions

- Bring two #2 lead pencils with erasers with you.
- Bring one non scientific rotation calculator with you; no other calculator will be allowed.
- Bring your photo identification.
- Examination is given in Sedgwick Hall Room 227.
- This is a time limited examination. The entire examination is approximately four hours long. Students taking particular sections of the examination have approximately one hour per section.
- This examination is given by a professional proctor.
- Since this is a professional exam, you will not be given any more notification of the requirements or date of this examination. So, as a future leader in the teaching profession, please mark this examination date on your calendar.
- Read the Students Guide to College BASE located in the wall tray outside VA 313 prior to the examination date.

Students with Disabilities: If you have a disability that might affect your work, it is your responsibility to contact Sandy Waddell, Director, Access Office, Massman 007, 816-501-4689. This office works with students and faculty in planning necessary accommodations. You must contact the Access Office a minimum of one week before the examination. Students with Disabilities must inform Mrs. Waddell prior to taking this examination. The College BASE proctor will not be allowed to provide special accommodations if the Access Office has not been notified prior to the examination.
