Rockhurst University enjoys a strong reputation for graduating students of character, skill and professionalism.

When our students leave, they are ready and eager to join the workforce. The Rockhurst Career Services Office is here to support those students and partner with you, as an employer.

Our goal is to facilitate our graduates’ entry into the workforce by helping them secure a job that best meets their skills and goals. And just as important, we work with companies like yours to find and hire the best qualified candidates from among our talented pool of graduates. To that end, we offer a variety of resources for students and prospective employers to work together as they seek to find a match.

Experiential Education

Rockhurst University offers a sound Cooperative Education Program (Co-op). The Co-op is a career-related program that allows students to earn academic credit for paid work experiences related to their degree program.

Participating employers see numerous benefits to the Co-op:

• Access to a diverse pool of highly-qualified candidates
• Cost-effective “pre-recruitment” without the obligation of a permanent commitment
• Continuity and reduced turnover costs by utilizing students for multiple work terms
• An effective and efficient pipeline of bright and talented employees to fill future staffing needs

Rockhurst University offers a wide variety of undergraduate and graduate academic programs and curriculums.

An undergraduate degree from Rockhurst is proof of success within a robust and challenging academic environment. Our graduate programs are renowned for developing leaders of skill and conscience, preparing them to make a positive impact on their organizations and society. Among our programs:
