Graduate students only need the PIN from Computer Services. Refer to the registration dates to find out when you may register. After you've enrolled, make sure to [complete your registration](#).

New, Visiting and Former Students

Once your admission process is complete, you may enroll according to the undergraduate registration schedule to the right by appointment with the professional advisor in your appropriate dean's office:

See [Campus Offices and Departments](#) for contact information. Then, make sure to [complete your registration](#).

A few tips: The earlier you enroll, the better the chances are for achieving the schedule you want. Also, enrolling during the previous fall semester for your spring courses will make it possible to finalize your registration by mail. **Please note that registration is not considered complete until students have paid tuition.**
