Core Requirements Worksheet

Updated 4/09

Place the number of the course taken in the blank spaces next to each Proficiency and Modal Requirement listed. Or, simply check off each blank space and circle the courses taken to fulfill the requirement. When all of the blank spaces are marked, provided they are marked accurately, the Core requirements are completed.

Because courses are being approved every semester to fulfill Core requirements, other courses may fulfill these requirements. Please check with your advisor and department chair. Nevertheless, each course listed below certainly will fulfill the Core requirements necessary for graduation. Please note that some Core courses may be counted towards a major or minor; see the Rockhurst University catalog.
