Retreat on the Rock

Listen to what students have said about this retreat.

“I tried to come to this retreat without expecting anything. I didn’t know what to expect, but I left this retreat with a better understanding of who I was and how God fits into my life.”

“I loved the strong sense of community that was built in just two days. Everyone seemed open and comfortable around one another, which was encouraging and an example of God’s love.”

“Listening to the courageous leaders/people share their intimate life stories helped me realize that other people are going through challenging times and they’re succeeding and making it through.”

“I’ve already gotten more out of this retreat than I expected, but I only plan to keep receiving and giving as I move forward from the retreat weekend. Thank you all so much for making this one of the most important weekends of my life.”

“I found God in me where I had shut him out. Watching people open up and find God in themselves was an amazing thing to watch.”

“I valued the chance to communicate and share with other students. This was helpful, because it allowed me to realize that we are all under the same pressures, and we can support each other in facing the stresses of life.”

“I learned and admitted many things to myself.”

“I saw God throughout the entire retreat. He was changing lives and speaking through leaders.”
